Ten dollar tobacco goes pretty well with one dollar wheat, or even ninety cent wheat for that matter. That's the kind of tobacco our farmers are selling now.

We acknowledge the receipt of a complimentary pass to the Christian County Fair to be held at Hopkinsville October 8th and 9th, Friday and Saturday of this week.

LIVINGSTON county has just voted on the question of the sale of intoxicating liquors, and has gone dry. The total vote polled in the county was 1,275; the majority against whiskey, 545.

SATURDAY is the first pay day for the public school teachers of Kentucky. The laborer is worthy of his hire—certainly the hard working, conscientious school teacher. May their pay day come regularly and often and the pay be liberal.

THAT was a great and convincing combination: John Rhea's demagoguery and abuse and John Brasher's free silver chorus which sang "Goodbye McKinley" and other such timely melodies.

A vote making combination—for Republicans.

DR. W. G. HUNTER says he will buy him a bullet proof suit or two before he undertakes his mission to Guatemala. This is decidedly in order since the government is in an almost constant series of revolution, led by rival superior officers in the army.

In view of the fact that the internal revenue collectors will probably be permitted to choose their own deputies, the list of eligibles who passed the March examination at Owensboro is interesting. We publish this list in full in another column.

THE BEE does not believe in mobs, but we will venture the assertion that the Baptist college boys at Waco, Texas, did not hit the editor of Brann's Iconoclast a lick amiss. He is a far worse renegade than Charlie Moore of the Blue Grass Blade ever dared be.

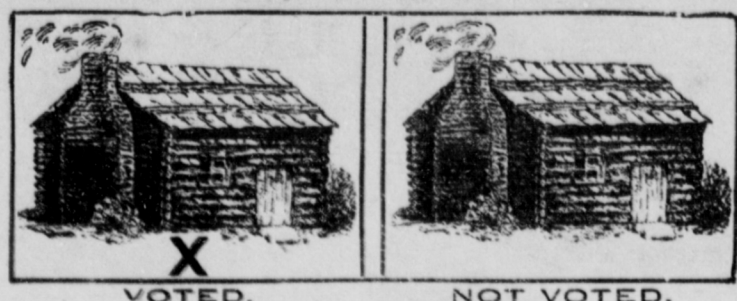

THE wave of prosperity, it is true, has been helped along by the good luck of the farmers, but the masses of the people who are beginning to see good times are simply getting the benefits of Protection which has been restored to the Tariff system. That is all there is to it.—Cleveland, O., Leader.

MR. BYNUM was pointed but kind in all he said, in his Madisonville speech. Speaking of "regularity" he said, "we have parties to carry out and enforce principles and policies that we believe best for the people of the country. That is what parties are for. There is no 'regularity' that should cause a man to change his principles."

It does not seem to have occurred to the Free-Traders in this country that all the threats of retaliation by foreign governments are only tributes to the value of our home market. Not being able to obtain free entry, they will be more than willing to accept the next best thing, reciprocity, and that we can shape in our own interest.—Philadelphia "Inquirer."

BYNUM travels in special cars for which the people who believe in his doctrines have to pay round sums of good money. Most eminent speakers for the gold standard like the Hon. W. D. Bynum pay regular fare and travel as ordinary citizens. The effort of the Bryan

ite managers is not to convince with reason and logic but they try to dazzle and confuse with show and blare of trumpets.

LAST week, we published Geo. R. Lynn's formal letter of acceptance of the Republican nomination for the office of sheriff of Hopkins county. Mr. Lynn is making an active canvass. He begins his canvass under auspicious circumstances, being widely and favorably known by the people of the whole county. His opponents admit that George is very popular and very well equipped for the office to which he aspires, and the prospects for his election are very favorable.

SPEAKING of Urey Woodson's plan to send Bryan to Paducah to make a speech provided the citizens will put up \$150 to pay for a special car, a free silver paper in the First district kicks against this extravagance. Bryan could buy a regular first class ticket from Nashville to Paducah for less than ten dollars. But perhaps the free silver farmers in that section have sold so much dollar wheat and ten dollar tobacco that they can afford \$150 cars to transport Bryan in order that he may endeavor to convince them that there is no prosperity.

THE American home market is the greatest in the world, and it makes a great difference whether the patrons of that market are able to buy freely or are compelled to economize. Thus it is that Protection helps the farmer, whether applied directly to his products or not. His market at home is widened by every extension of home industry, and it is easy to prove that no small portion of the present agricultural activity and profit has come through the more general employment of American workers.—Troy, N. Y., "Record."

The United States had in 1873 15 cents per capita in silver and now has \$8.77 per capita. Belgium then had \$2.88 per capita; now she has \$8.71 per capita. Italy then had 86 cents per capita; now she has \$1.35. The Netherlands had then \$9.56 per capita; now she has \$11.96. Austria-Hungary then had \$1.11 per capita; now she has \$2.76. Australasia had \$1.15 per capita; now she has \$4.49. Sweden in 1873 had 98 cents per capita in silver; now she has \$1.00 per capita. Norway 89 cents per capita; now \$1.00 per capita. Russia then 23 cents per capita; now 38 cents per capita. The only nations which have at all decreased are Great Britain, France, Germany, and Denmark. Great Britain's per capita is \$2.96 instead of \$2.99; that of France has fallen from \$13.85 to \$12.94; that of Denmark from \$4.16 to \$2.35; and that of Germany from \$7.47 to \$4.20 per capita. This data will be of interest in the campaigns of this fall where the silver question is discussed.

Certificate of Qualification for County Court Clerk.

Know all men by these presents: That R. R. Graham, of Hopkins County, Ky., this day appeared before me at the court house in Madisonville, Ky., and was examined before me and under my supervision by John H. Christy, clerk of the Hopkins Circuit Court, touching his qualifications to perform the duties and fill the office of County Court Clerk, for which he is now a candidate, and said examination having been completed, the said Graham is found qualified.

I therefore certify that R. R. Graham is qualified to discharge the duties of County Court Clerk under the laws of Kentucky.

This certificate is given in conformity to the provisions of the State Constitution.

CLIFTON J. PRATT, Judge, Hopkins Circuit Court, Fourth Judicial District of Kentucky, Oct. 5, A. D. 1897.

ANOTHER VICTORY!

Grassham Knocked Gray out in a Joint Discussion at Marion Last Saturday.

By Grassham for the Cause of a Sound Currency Unanswered—"Our Jonnie" Couldn't "Tote" the Load.

(Smithland Gold Standard.)

We have in our hands a letter from Crittenden county, written by one of the most distinguished men there. He says:

"I am glad to inform you that the joint discussion at this place—Marion—Saturday between Messrs Grassham and Gray, resulted in a decided victory for Charley. His masterly defense of sound money—which Gray did not attempt to answer—was well received. The Republicans of this county are solid for him, and his statement that he was for Rankin—the Populist candidate for Legislature—will give him the Middle of the Road Populists, who I am advised were for him before. I sincerely believe that we will give him two hundred majority in this county."

"The silver leaders have not been as downcast since the defeat of Bryan as they were after the discussion."

The silverite editor of the Smithland Banner will regret to hear that his "Jonnie" has received his Waterloo, and at the hands of Grassham. In all their joint discussions Grassham has been the orator. Gray has never attempted to answer his arguments. Charley is a young man of ability and if elected will make an official of whom the state will be proud.

DOWN IN THE MINES.

Since the resumption of work by so many miners in the North, coal shipments to North and West from this point have about ceased.

The Seaboard Coal Company will soon have completed a large mine, where they can stock several cars of coal and be able at all times to keep a good supply on hand.

Foreman Thos. Robinson, of the Empire mines, was at home here with family last Sunday. On account of scarcity of coal cars business at that place has suffered.

Simon Roberts, who has had charge of the mine and machinery at the opening of the old Arnold mines, is pleased with the prospects of again being able to move back to Earlington as soon as the machinery is ready.

The Monarch Coal Company so we are informed are contemplating in the near future the placing of mining machines in their mines whereby they can be able to compete with other companies by placing cheaper coal on the markets than they are now able to do.

Dan M. Evans, of the St. Bernard office, was called upon to act as a grand juror at home here with family last Sunday. On account of scarcity of coal cars business at that place has suffered.

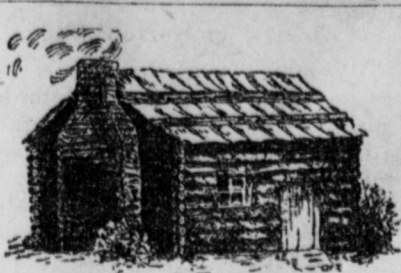

The wives of miners at Edwardsville, last week took matters in their own hands and when they attempted to go to work, rocks and other missiles were hurled at them, and they went back home instead of returning to work. The women want their husbands assured of living wages before work is resumed.

Too much beer and whisky mixed has lately been the cause of some of our miners getting into serious trouble. One was called upon to settle with the law for carrying concealed a deadly weapon, two of them were charged with breach of the peace, and another had to be taken care of by an officer and escorted home. So it can be seen what an evil it is, indeed.

October 1st, is generally a welcome day to miners throughout this section of Kentucky, as on that date the price of mining is advanced one-half cent per bushel by the companies who now, and have for many years paid what is considered standard wages. These companies have not this year departed from this rule, although it has been a year when much discussion has been in many states crept in between operators and miners. Here peace reigns supreme and the miner and operator both profit thereby, but the control is by the desire to live and let live.

The people or consumers of coal at Louisville, Ky., are told through the columns of the daily paper, now fear a coal famine, but we see no reason for alarm as only a few months ago a coal famine was threatened in Chicago on account of the late strike, but their fears were soon removed when it was made apparent that the coal supply could not be cut off. The coal companies have been so relieved with a hundred or two cars daily. So it is with Louisville, they can always depend on a supply from this region. Here is what the Courier Journal says on the situation:

"The low stage of the river has caused apprehension among users of coal lest there be a coal famine. There need be no fear unless the river remains un navigable to coal boats for two months more. It was said at the office of Capt. J. T. Duffy yesterday that about 600,000 bushels of Pittsburgh coal was lying at Pumpkin Patch, across the river, while the different depots in Louisville had enough in their yards to raise this supply to between 2,000,000 and 3,000,000 bushels. Besides the Pittsburgh coal there is a liberal supply of Kentucky and Indiana coal on hand, which removes all danger of a coal famine."

WEBSTER COUNTY NEWS.

WEBSTER COUNTY DEPARTMENT. Conducted by W. A. CAVANAH, Editor.

DIXON.

We noticed in last week's issue of the Herald some very grave charges against the Honorable David Browning, Republican nominee for the office of county attorney, on account of our having used the phrase "Hon. B. Browning" in a letter to justice to Mr. Browning. We wish to state that we attended the speaking at Tilden and wrote the article referred to in the Herald and used the abbreviation "Hon." because custom and usage permit it, and we believe Mr. Browning to be as much entitled to that distinction as any other our candidates for county offices, who are frequently alluded to as the "Hon." so-and-so.

We have known Mr. Browning for a number of years, and have ever regarded him as an honest man and are satisfied that he is a Republican from principle and worthy the suffrage of the people.

Our attention to the fact that in a deal, trade, bargain, or agreement seems to touch them in a tender spot, and at Tilden brought down more than one of wrath upon the head of the editor. Let's have fair play, and if the Hon. L. B. Henry cannot defend himself on his party's actions let him step back and out, and then some other candidate or the Herald can take his place. A sympathetic public will kindly observe that we have been victimized again.

SHELTON.

Protracted meeting began Sunday near here at Walnut Grove, conducted by Rev. Holloway.

Messrs. R. A. Hill, G. B. Shelton, Tom and A. S. Riggs went to Dixon to-day.

Thomas Allen, of near here, and a party from Blackford went to the lakes, netting, last week.

Mr. J. B. Raybora is going to move to Clay this week, to engage in the grocery business. We wish him success.

Well, D. J., you asked me to give some reasons why L. B. Hall should not be elected County Judge in November. I gave you only a few. I give you four more good reasons this week.

1st. He had no legal right to appoint forty-seven election officers who were for the most part, to thirteen who were for good standard.

2nd. He had no legal right to try Ed Overby for illegal voting.

3rd. After assuming jurisdiction, he should have entered judgment on Overby entered no plea but that of guilty.

4th. He should have tried to collect judgment.

The above reasons are facts as the records will show, and we submit them to the honest voters of the county. If they are not enough, the Good Book says, ask and you shall receive.

D. J., I asked you if you were ever in a Wheeler lodge, and you did not answer. Please be honest and answer this question.

JOHN SHEPHERD.

VANDERSBURG.

G. G. Morris, an enterprising young merchant of our town, called on his best girl Sunday.

L. B. Whitten, our photographer, left this week for Providence, where he expects to spend the winter.

Mr. E. J. Ramsey and wife spent today in Dixon.

Mr. T. M. Dixon, of this place, was in Dixon to-day on business.

Miss Lillie Cavanah, a popular young lady of Dixon, is visiting the family of W. H. Day, this week.

Dr. W. C. Cosby, formerly of this place, but now of Slaughter's, was here to-day on business.

Mrs. J. W. Overby and Miss Lizzie Overby, of the Little Zion church, spent to-day at this place.

Mr. J. R. Armstrong, one of our most prosperous farmers, sold his tobacco last week for 9c cents. How is that for a gold standard administration?

Mr. F. M. Winstead, of the country, is going to remove to this place soon, to make his home.

T. T. Morris, our candidate for County Court Clerk, spent Sunday with his mother.

Baby's Second Summer

Is the time that tries all the care of the mother and all the skill of maternal management. Baby comfort comes from fat; fat babies have nothing to do but to sleep and grow.

If your baby does not seem to prosper, if he does not gain in weight, you must get more fat there. A few drops of

each day will put on plumpness; fat outside, life inside, baby and mother both happy. Your baby can take and relish Scott's Emulsion as much in summer as in any other season.

near here, and reports prospects as being flattering. Mr. Morris is a deservedly popular young man, and we think he is sure to be our next County Court Clerk.

Mr. A. G. Hawkins, of this place, went to Sebring, to-day, on business.

We wonder if Mr. Forrest Porter will vote with the Republicans, this fall, as he did in the last judge's race.

Judge Hall went off fishing and duck-hunting on Buzzard's Bay with Grover Cleveland, last fall, when the people of this county went to see whether they should instruct their delegates for free silver or a single gold standard. We think the judge has been fishing all summer and fall, but when he draws in his hook in November, he will find that he has lost his bait.

Mr. Willie K. Price, free-silver-populist-democratic-now-vow nominee for Circuit Court Clerk, passed through our town Saturday, enroute to Sebring. Mr. Price had to leave his county to get a certificate, and we think he will have to leave the county, if not the State, to get an office.

Success to THE BEE.

October 5, 1897.

LOCOMOTIVE BLASTS.

Joe Deering, foreman of the Mortons Gap sections, is just recovering from a singular injury; he was on his hand car when the car ran over a torpedo placed on the track by some train man, when it exploded and a portion of it striking him, cutting through his shoe and badly lacerating his foot, which caused him much pain and considerable loss of time.

Conductor Smith is taking a rest of two weeks or more and Conductor Shy is in charge of his train.

"Bryan" day at the Centennial will cause a big demand for coaches and the company will likely be taxed to their utmost capacity to accommodate the travel on that day.

Supervisor Sullivan and a force of men have been making preparations for next Sunday at Madisonville, on the east side of the main track and south of passenger depot.

An order for thirty coaches was lately given to the L. & N. for special trains to be run soon.

In Mexico the railroad companies and other corporations have decided to hereafter pay off their employees in silver, paying two dollars where they now pay one gold. At the present price of silver this means a loss to men of about twenty cents on dollar.

Work has been stopped on the water tank foundation at Deer Creek and it is said that the tank will be located at some other point where the water supply can be relied on the year around.

On account of the scarcity of water and the shutting down of the water works at Hopkinsville, Foreman Kinney, of the water supply department on the Henderson division has put a pump at work at Hopkinsville.

Engine Sam Branch attended court at Madisonville this week.

Baggage man Myers is now on the road with him, instead of Shy who is running as conductor.

Conductor Pete Herb is taking a few days' vacation and the agents along the road miss him, as he is considered one of the best local men on the road.

Those boys who would hail with delight the appearance of a saloon in Earlington are doomed to disappointment, but we are pleased to say, there are but few who desire such resorts here.

Upon seemingly good authority it is said that President Milton H. Smith objects to paying another dividend on L. & N. stock just now, desiring instead to restore the ten per cent. reduction in wages to his employees on this great system. Mr. Smith's wishes have always had great weight with the Board of Directors and it is to be hoped they may prevail in the present instance.

"Nashville, Sept. 38.—J. T. Harahan, Vice-President Illinois Central Railroad, Chicago. The railroad column of the St. Louis Globe-Democrat of Sunday contains the following: 'Vice-President Harahan of the Illinois Central, denied in positive terms yesterday that his company is going to extend its system, either by construction or purchase, into Nashville. Will you please advise me whether or not you had an interview with a representative of the St. Louis Globe-Democrat, and whether the statement as published correctly represents your views.'

"Chicago, Sept. 28.—E. B. Stahlman, Nashville: I have not seen anyone connected with the St. Louis Globe-Democrat. I think the report originated from here. I stated to a reporter of the Chicago papers that the Illinois Central Railroad Company, up to this time, had not considered the extension of its line into Nashville."

Mr. Stahlman argues from the above that the Illinois Central has not yet considered an extension into Nashville, which, he says, is in keeping with the utterance of President Fish while recently in Nashville. He argues, further, that the Illinois Central will doubtless soon consider this extension, as it is their business to do so, concluding his card with this significant paragraph: "If the Illinois Central shall determine not to build into Nashville, the line between Hopkinsville and Nashville will be built by others in its interest at an early date. This, in my judgment, is a foregone conclusion."—Todd County Progress.

Chills are a bad sign. Chills portend the oncoming of serious illness. They precede pneumonia, inflammation of the bowels, and many other dangerous diseases. They should never be neglected. HANSON.

Miss Susie Osburn of Madisonville is visiting her sister Mrs. E. McCully.

Misses Nettie and Willie Parrish of Madisonville, are visiting relative here.

Mr. O. B. Hallums, of Springfield, Tenn., is in Hanson on business.

Mrs. Kate Ashby is in St. Louis visiting her daughter Mrs. W. E. Kercheval.

T. W. Bailey made a business trip to Louisville last week.

Hurrah for one dollar wheat and ten dollar tobacco! Of course these prices and the good prices paid for almost every product of the farm are just a happen so but strange they come just when they do.

Rev. J. T. Randolph and family are preparing to leave for their new field of labor at Princeton. Bro. Randolph has been the pastor here for the past four years and has done a great and efficient work among us. We commend him and his excellent family to the good people of his new charge.

Henry Ashby, who accompanied his mother to St. Louis last Saturday returned home Tuesday.

The dedication of the new school house here Monday night was a success and enjoyed by those present. Among other exercises of the evening was some most excellent music and short and pointed talks by Miss Sallie Brown and Prof. T. H. Smith, J. B. Ferguson, E. McCully and W. A. Esley.

Hanson is still in the lead as a tobacco market in this part of the country. There are at least three firms who are in the market for the weed and have perhaps bought in the neighborhood of 300,000 pounds already.

The following persons from here attended the Tennessee Centennial last week. Mr. T. M. Gooch and wife, Misses Katie and Flora Combs, Lizzie Slaton, Dona, Alma and Mabel Brown, Hattie and Jesse Gooch, Messrs Alford Parrish, Meff, Browning, Lank Wilson, Alonzo Ruff, Frank Brown and Masters Herchel Hoffman and Hardy Gooch.

Hurrah for Judge Pratt, Geo. R. Lynn, Uncle Hubbie and others too numerous to mention.

Earlington People!!

SPECIAL OPENING FOR

LOCAL NEWS.

Announcement has been made that Miss Callie Wade and Mr. John Wilson were to be married at the home of the bride's parents last night.

Mr. J. T. Alexander, the popular Madisonville merchant, announces in THE BEE this week a special cloak opening for the benefit of the Earlington people. See his advertisement.

Henry Holland is the only newly made convict that will be sent up by the present term of the Hopkins County Circuit Court. And his term is short. He gets one year on the charge of assault with intent to kill.

Mrs. M. M. Murphey, who is always at the front in millinery business in Madisonville, has a handsome advertisement in this issue of THE BEE calling attention to her splendid line of new goods. See her announcement.

Several of Harry Corey's team have been hauling dust which Co. Robert Wood, Jim Parker and others have shoveled off the highway between here and Madisonville. Uncle Oscar Stevens suggests that they ought to call a meeting and pray for rain.

Clarence Cherry, Mrs. I. I. Cherry and little Miss Ramsey came out from Madisonville one day last week and cast their hooks in the waters of Loch Mary for a few hours. As their catch has not been reported it is supposed not to surpass the usual luck of more experienced anglers.

Rev. S. H. Lovelace is the new preacher in charge of the Madisonville circuit. He comes from Louisville and preached his first sermon on his new work at Madisonville last Sunday. His appointments at Earlington will remain as Mr. Cherry's were and he will preach to the Earlington congregation on the next fourth Sunday.

Died.

On Monday night after a brief illness, a little child of Mr. and Mrs. James Barnes, of this place. His death was unexpected although it had never been a healthy child. Remains were interred at Rose Creek Cemetery Tuesday evening. THE BEE extends sympathy to the sorrowing ones.

School Building Dedicated.

The Hanson public school building was dedicated on Monday by very appropriate exercises arranged by Prof. E. E. McCulley, principal. There was a large attendance of Hanson people, who appreciate their school and their teachers, and not a few of the most progressive teachers of the county were present and took part in the program. The editor of THE BEE regrets his inability to attend the dedication.

Rev. J. T. Cherry.

Rev. J. T. Cherry and family left Madisonville Tuesday for Franklin, where lies his new work for the coming year. There are very many of our county's people who very much regret their departure, but this is all in the regular order of a Methodist preacher's life and the transfer to a new work is never a surprise. There is comfort in the thought that Mr. Cherry goes to a good work and the best wishes of the people of Hopkins county go with him.

A Pleasant Affair.

Saturday evening, quite a number of young people were pleasantly entertained at the home of Miss Lizzie Sullivan, in honor of her cousin, Mr. John Mahoney, of Gulfport, Miss., who is visiting here. Delightful music was rendered by Misses Sullivan, McGrath and Victory, after which all joined in various entertaining games. At 10.30 o'clock the party was invited into the dining room, where dainty refreshments were served. All expressed themselves as spending a most enjoyable evening.

Lost.

On Madisonville road between Madisonville and Earlington, one small chainlink bag containing roll of bills and some small change in silver. Finder will return for identification and be rewarded by Mrs. H. S. Corey, Earlington, Ky.

Strayed or Stolen

From pasture on St. Bernard farm at Earlington, Ky., one red cow with white spots and one horn off; one roanish cow, one horn off; all six weeks old following; one brown steer three years old; one brown steer with white spots; one Jersey colored steer, one yearling Jersey heifer. Finder will be rewarded.

ELIGIBLES

List of Those Who Passed the March Civil Service Examinations.

Following is a list of applicants who successfully passed the civil service examination at Owensboro, March 20th. With the prospect of the collectors of internal revenue being allowed to appoint their deputies this list is interesting, for out of it will be selected a number perhaps to serve in this district:

David Browning, Dixon; Newton W. Parrish, Marion; James C. Walker, Owensboro; James N. Hagan, Tompkinsville; Edgar L. Hendricks, Madisonville; Ulysses G. McFarland, Burkesville; Walter A. Blackmore, Marion; Thomas S. Whitescarver; Ebaugh, Chas. S. Blanford, Owensboro; Dan Wood, Penrod; Charles J. Werner, Owensboro; Miles T. Henderson, Panther; G. E. Foley, Providence; E. A. Watts, H. A. Moore, L. S. Rodgers, Owensboro; Thomas M. Copps, Tompkinsville; W. E. Lutton, Golden Pond; W. F. Kerick, Reid; Geo. C. Brown, Tompkinsville; Ansel S. Palmer, Persimmon; Thomas Adams, Hickory Grove; Mrs. Virginia Duncan, Virginia L. Foley, Nellie N. Weldon, Owensboro.

Nervous - Scrofula - Rheumatism

"My daughter has been afflicted with scrofula and rheumatism and she was very nervous. We concluded to buy a bottle of Hood's Sarsaparilla. After she had taken four bottles she was cured of all her troubles, and since then we have always kept Hood's Sarsaparilla on hand." J. A. ELLIOTT, Sandy Springs, Tenn.

Hood's Pills are purely vegetable and do not purge, pain or gripa. All druggists.

Ladies' Magazine Club

The first meeting of the Ladies' Magazine Club was held on Tuesday afternoon, Oct. 5th, at 3 o'clock with Mrs. Chas. McGary. Some of the members were absent but enough were present to conduct the business of the meeting. The following officers were elected: Mrs. J. F. Foard, president; Mrs. W. F. Burr, vice-president; and Mrs. Chas. McGary, secretary and treasurer. The club will continue to meet on Thursday afternoon, fortnightly. The next meeting will be held with Mrs. J. F. Foard, at Hecla, Thursday, Oct. 14th at 2.30 p. m., complimentary to Mrs. S. H. Reese who is visiting her daughter, Mrs. W. F. Burr.

Mrs. Wm. Wendel and Miss Celeste Moore will lead and Mrs. J. K. Rash will read a selection. There was no program Tuesday the meeting being a business one. Mrs. E. A. Chatten was elected a member of the club. Mrs. Will Feland presented her resignation. The club regrets very much to lose such a bright member.

The Woman's Friend.

"I know from my own experience that for nothing to supply the place of German Liver Powder." Mrs. J. P. Menness, Springfield, Ohio.

"I have taken German Liver Powder for dyspepsia, and other liver troubles, and would not be without it." Miss Jennie Green, Abilene, Tex.

"Friends advised me to try German Liver Powder for long standing liver complaint. It did me more good than all medicine prescribed by physicians." Mrs. John Campbell, Jeffersonville, Ind.

Hoss-ite Doctors.

George Haley lives upon "Methodist hill" and is the proud owner of a nag whose age is as uncertain as that of an old maid. A few days since the ancient equine showed some signs of indisposition and Harry Corey, who would not hesitate to proclaim the age and blood of the cow that "jumped over the moon" was called in to diagnose the case. After a careful scrutiny, Harry prescribed a liberal diet of hay and corn with an accompaniment of oats. Now, as Corey has these articles for sale, his motion was palpable and Judge Foster was next consulted. Judge Foster, be it known, knows about as much about a horse as a billy goat does about the multiplication table, but he assumed a wise look and decided that it was a pronounced case of bots, and administered about two pounds of quick lime, which caused the poor animal to belch fumes hot enough to scorch tow, and cauterized its mouth fearfully. Jim Dean's advice and counsel was next invoked. Now Dean can tell a horse from a cow, unless the cow in question should happen to be a muley, and after a careful investigation, he decided that the horse was "salivated," and undertook the job of greasing his mouth three times a day with a bacon rind, and delegated Moscow Croft to sit up at nights and watch the case. At last accounts the horse was still living.

HO FOR NASHVILLE!

The St. Bernard Coal Company Will Give their Employees a Complimentary Excursion to the

GREAT TENNESSEE CENTENNIAL NEXT SATURDAY.

Arrangements are completed for the big complimentary excursion to be given by the St. Bernard Coal Company to their many employees and their families, who are employed by the company at Earlington, Morton's Gap and St. Charles.

The trip is to be made on Saturday, October 9th, and the trains will be made up here. They will be run out of Earlington in sections from 5 to 6 o'clock, and are turning will leave the Exposition grounds at 10 o'clock that night, making no stop in the city.

There will be a procession from Link's hotel to the Union Depot by the men, the ladies and children remaining in the cars. All will join and go to the grounds together. Everybody will wear badges, which they will find essential to the trip. The St. Bernard gives this excursion to their employees entirely without cost to the men, even including admission to the Exposition—excepting, of course, their meals.

A Social Event.

The Home is the great bulwark of modern civilization. It is around the hearthstone that our traditions are enshrined and the germs of liberty are best implanted. Around the family altar, the tenets of our religion, which is the foundation of modern civilization, take deepest root, and receive their strongest impulse. From such a source, modern culture and modern society take their origin.

Madisonville has many such homes, and the occasional gathering of friends and neighbors upon any proper pretext in those homes, tends to disseminate a spirit of sociability which, when actuated by proper motives, promotes the welfare of all, and the foundation of that much misused term known as "our best society."

Such a gathering brought out many of our best people on the 28th ultimo, to the new and commodious home of Dr. and Mrs. Will Ross on North Main street, it being the occasion of the celebration of the fifth anniversary of their wedding. When it was ascertained that a similar event was contemplated by Mr. and Mrs. Beatty on the same date, a combination of the two events into one was arranged. Both parties have a large circle of friends, and it was therefore arranged to entertain the married ladies between the hours of 4:00 and 6:00; the gentlemen from 6:00 to 8:00, and the young people from 8:00 to 12:00. Excellent refreshments were served, and the occasion was one not soon to be forgotten.

Although the cards of invitation bore the inscription, "No presents," it did not prevent some of the guests from contributing many handsome and costly articles suited to the occasion. On the whole, the affair was a success in every way, and, as intimated above, had a far deeper significance than the mere formalities of an entertainment, by bringing people together in social intercourse to the ultimate good of all.

Wreck at Nortonville.

The wrecker whistle blew a few minutes after 2 o'clock yesterday morning, calling the crew to go to a freight wreck, just beyond Nortonville a quarter of a mile.

It was train number 63, Harrison engineer and Moody conductor. A drawhead in the first car pulled out and dropped on the track. The first two cars passed over it safely, but the next three were wrecked. The wrecked cars contained cotton in one, lumber in one, and general merchandise in the third; all box cars. In handling one of the cars with the wrecker, the latter was overturned, Nick Shannon was the only man at all bruised up in the turn over. He was on the deck of the wrecker, and in the fall was thrown against the ground, striking on his neck and shoulder. Fortunately, no one was inside the wrecker at the time.

Notwithstanding this misfortune the track was cleared in short order and traffic resumed. The BEE reporter regrets that he could not accept the invitation to take breakfast with the crew at the wreck. Its smell was appetizing.

A Card.

To the voters of Hopkins County:

I hereby accept the nomination for the office of County Clerk of Hopkins County, which was given me by the Republican party in convention assembled at Madisonville, Ky., on the 6th day of September, 1897. I very gratefully appreciate this and other high honors conferred on me in the past by my party, and if elected to the office of County Clerk at the coming election, I promise a full and faithful discharge of the duties of the office. Owing to having been confined to my home on account of sickness of myself ever since my nomination, I shall not have the opportunity of seeing all my friends personally before the election, and I will just state to one and all of them, irrespective of party persuasion, that I shall very gratefully appreciate any assistance or support that they may render me. While I am making the race for the office of County Clerk as the nominee of the Republican party, I desire to have my many friends of each political party to fully understand that I am not too partisan to fully appreciate their support, and if elected I propose to so conduct myself and discharge the duties of the office, as to render the greatest amount of satisfaction to the greatest number of the people.

I, therefore, respectfully submit my claims to the office of County Clerk to the people of Hopkins County, and remain,

Yours sincerely,

R. R. GRAYMAN, Madisonville, Ky.

BIG PRICES FOR TOBACCO.

The First Buyers in the Field are Paying Well for Heavy Tobacco.

CROPS SOLD AT RICHLAND.

Double the Prices of Last Year. Realized on Present Sales.

The first tobacco buyers are in the field and are taking in the heavy tobacco from the bottom land at prices that are double those paid for the same grades last year. These early purchases are an indication, too, of the eagerness of buyers and, confirmed by the prices paid, sustain the belief that the farmers will realize handsomely on their total crops of tobacco, as they have already done on wheat and other crops.

Mr. J. J. Lipscomb, of Richland, brings THE BEE the following list of crops sold and the prices they brought on Monday afternoon. These sales were all made in the Richland neighborhood to a buyer representing a Nebo house. All are crops from bottom lands and are as follows:

Leaf. Lugs. Trash.

J. M. Young, one barn, 10 7 1

M. J. Young, one barn, 10 7 1

H. E. Eason, entire crop, 10 9 1

T. L. Jones, entire crop, 10 9 1

T. L. Jones, entire crop, 10 9 1

T. L. Coit, entire crop, 8 6 1

Last year Mr. Eason sold his crop for 5-4/5 and 1, and other crops of the same grade went at proportionate figures. The outlook continues to be favorable to our farmer friends.

Our I's and....

....Other Eyes.

Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn., who after a quarter of a century of observation writes:

"I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier, that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has, "Nothing but words of praise for Ayer's Sarsaparilla."

Any doubt about it? Send for "Curebook." It kills doubts and cures doubters. Address J. C. AYER & Co., Lowell, Mass.

PERSONAL.

Misses Pauline Davis and Bettie Victory left Monday for St. Vincent's, where they will enter school.

Omer Fowler, Dexter Smith and Lonnie Hall, of Madisonville, spent Sunday evening in the city.

Miss Sallie Farnsworth spent several days last week with relatives in Hopkinsville and Nashville, returning home Saturday night.

Miss Berta Toombs, of Slaughter'sville, visited friends here this week.

Miss Effie Taggart, who is attending Bethel College, Hopkinsville, came down Saturday for a visit to her aunt, Mrs. Isaac Davis.

Mrs. Ida E. Walker, Misses Minnie Bourland and Laura Ligon and Mr. E. B. Bourland attended the Dedication Exercises of the Hanson school Monday evening.

Mr. G. Browning and wife, of Mortons Gap, visited friends here Sunday.

Saw Mill Burned.

The St. Bernard saw mill burned late last night. W. C. McLeod and George Robinson gave the first alarm, and it was at first thought to be the hay barn on Nisbet farm. Loss not known.

HOW TO FIND OUT.

Fill a bottle or common water glass with urine, and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pains in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is a comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding urine in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effects of Swamp-root is soon realized. It stands the highest for its most wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention THE BEE, and send your full post office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
